**Building Resilient Infrastructure
with the Infrastructure Investment and Jobs Act (IIJA)**

<p>Erika Henry <i>Deputy Director, State Broadband Office Washington State Department of Commerce</i></p>	<p>Alexandra Howard <i>Program Development Manager – Resilience Port of Portland</i></p>
<p>Matthew Preedy, PE <i>Director of Construction Sound Transit</i></p>	<p>Carley Francis, AICP, PMP <i>Regional Administrator Southwest Region-Washington State Department of Transportation</i></p>

2

LEARNING OBJECTIVES

1. Address local issues that are impacting the Pacific Northwest area and how the IIJA legislation may help in addressing them.
2. Identify the new programs the IIJA legislation provides for transit spending, aviation capital programs, bridge replacement, utilities, broadband and GHG emission reduction.
3. Discuss how our local agencies benefit and what can be expected to come from this first of its kind infrastructure package.

3

Building Resilient Infrastructure with the Infrastructure Investment and Jobs Act (IIJA)
