

COUNTY ENGINEER
\$107,580 - \$152,004
Plus Excellent Benefits

Apply by
August 29, 2022
(Open Until Filled. Applications Reviewed as Submitted)

WHY APPLY?

Located in Southwest Washington, Clark County stretches from the north bank of the Columbia River to the southern shadows of Mount St. Helens. Clark

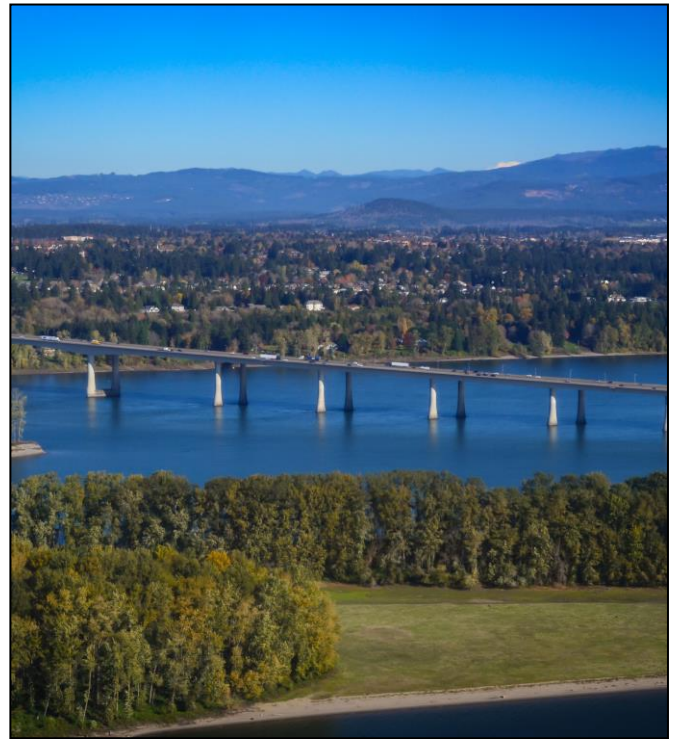

County is a vital player in a bi-state metropolitan area with a growing economy, an exemplary education system and access to high-quality health care, housing, transportation, parks and many other amenities.

The department of Public Works is looking for an enthusiastic, compliance-driven leader for the Office of the County Engineer. This position will offer an opportunity for the successful candidate to participate in a pivotal moment in the history of the Clark County Public Works department, assuming a critical senior management role and working towards the completion of several large capital projects while building a policy-driven environment in collaboration with administrative partners throughout the agency.

If you are an experienced Public Works professional looking to join a team of dedicated employees to provide excellent services in one of the most beautiful areas in the Pacific Northwest, this is the right position for you!

THE COMMUNITY

As a regional hub for transportation and commerce, Clark County is across the Columbia River from Portland, Oregon, and the Portland International Airport. Clark County is the fifth most populous county in Washington with more than 481,950 residents and encompasses more than 656 square miles. Clark County's seat and largest city is Vancouver, which is the fourth largest city in Washington and boasts a vibrant downtown and a thriving restaurant and brewery scene.

Clark County offers a high quality of life with low property taxes, affordable housing, high-performing schools and convenient access to outstanding cultural and recreational amenities. Interstates 5 and 205 provide access to major economic centers in Washington and Oregon.

With more than 40 miles of frontage on the Columbia River, the county offers a mix of urban areas, small towns, parks, farms, forests and wildlife refuges. With a mild year-round climate, the region is the perfect place to take advantage of outdoor recreational activities, including fishing, hunting, swimming, boating, camping, hiking and skiing. The county has easy access to the Pacific Coast, only 90 miles to the west, and the Cascade Mountains, including Mount Hood and Mount St. Helens, each less than a two-hour drive away. Clark County is also home to the Fort Vancouver National Site, a 366-acre historic reserve that Congress created in 1996. The site is owned and managed by the National Park Service and the city of Vancouver.

The county is served by nine school districts, with enrollments ranging from fewer than 200 students to more than 26,000 students. Several districts host programs for home schooling and the trades. Clark College and Washington State University Vancouver, the only four-year university in Southwest Washington, are both located in Clark County.

THE COUNTY

Founded in 1845, Clark County is governed by the five-member Clark County Council, with five councilors elected at the district level and the council chair selected by the councilors at the beginning of each year. The county council is responsible for constituent inquiries, adopting the biennial budget, developing and implementing planning and zoning policies, adopting ordinances, and making citizen appointments to some advisory committees and boards, while the county manager oversees the day-to-day operations of administrative departments.

County departments include: assessor, auditor, board of equalization, budget, children's justice center, community development, community planning, community services, county clerk, county council, county manager, courts, district court, elections, general services, geographic information systems, human resources, juvenile court, medical examiner, prosecuting attorney, public health, public works, sheriff, superior court, and treasurer. Clark County adopted a 2022 General Fund budget of \$321,324,822 and a countywide budget of \$891,104,400. The county approximately 1,700 full-time equivalent employees.

THE DEPARTMENT

The Clark County Public Works Department employs more than 300 employees and provides services primarily to 225,000 residents who live in unincorporated areas outside city boundaries. The department is currently divided into six divisions: Administration & Finance, Clean Water, Engineering & Construction, Parks & Lands, Road Maintenance & Safety, and Transportation & Development. These divisions work closely together and sometimes with other county departments and outside agencies to provide services and build projects for the public. Each division has a manager who reports to Public Works Director/County Engineer.

THE POSITION

The County Engineer reports to the Director of Public Works and is fully responsible for supervising the maintenance, construction, repair, and operation of all county roads within Clark County. This position is an executive leadership role that is a critical member of the Senior Management Team within Public Works with both direct and indirect supervisory responsibilities.

There are only 39 identified County Engineers within the State of Washington, and this position is one of them. There is a large assortment of legal and regulatory requirements associated with performing the function of the county engineer, and compliance and adherence to best practices is a critical component of this role. The successful candidate will be able to manage the delicate balance between technical strength as a subject matter expert and the communication skills necessary to convey complexities to an audience that is diverse in experiences, backgrounds, and perspectives.

For a full job description and to view the full scope of responsibility for the position, please view the attachment found [here](#) or on www.prothman.com.

IDEAL CANDIDATE
